

FASD Awareness Day 2021

Northern FASD Coalition:

For FASD Awareness Day/Month, the North FASD Coalition purchased children's books, totaling the cost of \$589.56. The books purchased are inclusive to children's disabilities and promote positive attitudes, teach individual differences and allow children to "see themselves" in the stories they read. Schools in 16 Northern communities received a package of books with some brief information regarding our coalition.

Picture attached. Thank you.

Tiffany Hanson, FASD Diagnostic Coordinator, Northern Health Region
